

# STRONGER FAMILIES, STRONGER STUDENTS

The EdVenture Group, in partnership with WV Department of Education and a network of organizations across the state, operates the West Virginia Family Engagement Center (WVFEC).

The WVFEC empowers families, educators, and communities to collaborate in the educational process. Rooted in evidence-based practices, WVFEC provides meaningful opportunities for families to actively participate in their child's learning both in and out of the classroom.

By fostering strong partnerships, the WVFEC helps enhance student academic achievement and helps create a more supportive learning environment for every child in West Virginia.

## 2018–2023 Snapshot:

From 2018–2023, The West Virginia Family Engagement Center reached over 100 schools, providing customized resources based on the unique needs of each school community.
